Class meetings: MWF 2:00-2:50PM, in Neckers 410.

Office hours: MWF 12:00-1:00PM, TR 11:00AM-12:30PM.

### 2 Prerequisites:

We will continue on the concepts we built in PHYS 320. Thus, “PHYS 320: Electricity and Magnetism-I” will be prerequisite for the course. In PHYS 320 we introduced the Maxwell equations and explored electromagnetism in presence of dielectric materials. We studied electrostatics in detail. Before PHYS 320, one should have completed PHYS 203B, and also completed PHYS 310. An earlier exposure to Maxwell’s equations in integral form will be assumed. A strong aptitude for algebra and basic mathematical techniques will be necessary for the course. Familiarity with the following topics will be assumed: vectors, complex numbers, differential and integral calculus, matrices and determinants, eigenvalue problems, elementary differential equations.

### 3 Course description

#### Textbook

*Introduction to Electrodynamics*, 4th Edition, by David J. Griffiths.

We will continue to find solutions to Laplace’s equation, now for cylindrical and spherical geometries. In particular, we will introduce surface spherical harmonics. Then we will cover magnetostatics. Radiation will be covered in detail. Propagation of electromagnetic waves in dielectric medium, scattering, and diffraction will be covered, if time permits.

Lecture notes and homework will be posted at <http://www.physics.siu.edu/~shajesh>. It is recommended to download relevant materials to your computer, because the website (or internet) could be down on occasion.

### 4 Course work

#### Evaluation

Homework	30 %
Take-Home Exams ( $2 \times 10$ %)	20 %
Midterm Exams ( $2 \times 15$ %)	30 %
Final Exam	20 %

## Homework

Homework will be assigned roughly every ten days. It will be posted on the course web-page. Students are encouraged to discuss homework problems with their classmates, instructor, and anyone. But, each student should submit their own work describing detailed steps of thought process.

## Take-Home Exams

Two take-home exams will be administered. It will be posted on the course web-page.

## Exams

Three examinations (including the final exam) will be administered.

Midterm Exam I	February 19 (Wednesday, 6:00pm-8:00pm)
Midterm Exam II	April 2 (Wednesday, 6:00pm-8:00pm)
Final Exam	May 6 (Tuesday, 5:50pm-7:50pm)

The midterm exams will assess you on concepts covered in lectures and homework. Midterm exams will be an hour-long exam, but, to remove the time factor, you will be allowed to take extra time. All the midterm exams will be cumulative, but you are recommended to concentrate more on topics covered in the later part of the semester. The Final Exam will be graded such that, if you score within twenty percent of your semester average, your scores will not go below your semester average. Typically, the Final Exam could bring up your grade, and will rarely bring it down.

## Grading

The grading will be done on a scale of 0-100. This raw score should be used to assess your knowledge in the subject. The raw score will be converted to the university scale using the following formula

$$(\text{Your Score}) = \frac{(\text{Raw Score})}{2} + 50. \quad (1)$$

For example, a Raw Score of 60 will lead to Your Score of 80.

## 5 Syllabus Attachment

The Provost Office has created a “Syllabus Attachment” to assist the student. It lists and provides web links for many elements that are important for a student. Kindly find it attached.

### SPRING SEMESTER HOLIDAYS

Martin Luther King, Jr.'s Birthday 01/20/2014

Spring Vacation 03/08—03/16/2014

### WITHDRAWAL POLICY ~ Undergraduate only

Students who officially register for a session may not withdraw merely by the stopping of attendance. An official withdrawal form needs to be initiated by the student and processed by the University. For the proper procedures to follow when dropping courses and when withdrawing from the University, please visit <http://registrar.siu.edu/pdf/ugradcatalog1314.pdf>

### INCOMPLETE POLICY~ Undergraduate only

An INC is assigned when, for reasons beyond their control, students engaged in passing work are unable to complete all class assignments. An INC must be changed to a completed grade within one semester following the term in which the course was taken, or *graduation*, whichever occurs first. Should the student fail to complete the course within the time period designated, that is, by no later than the end of the semester following the term in which the course was taken, or graduation, whichever occurs first, the incomplete will be converted to a grade of *F* and the grade will be computed in the student's grade point average. For more information please visit:

<http://registrar.siu.edu/grades/incomplete.html>

### REPEAT POLICY

An undergraduate student may, for the purpose of raising a grade, enroll in a course for credit no more than two times (two total enrollments) unless otherwise noted in the course description. For students receiving a letter grade of A,B,C,D, or F, the course repetition must occur at Southern Illinois University Carbondale. Only the most recent (last) grade will be calculated in the overall GPA and count toward hours earned. See full policy at

<http://registrar.siu.edu/pdf/ugradcatalog1314.pdf>

### GRADUATE POLICIES

Graduate policies often vary from Undergraduate policies. To view the applicable policies for graduate students, please visit

<http://gradschool.siu.edu/about-us/grad-catalog/index.html>

### DISABILITY POLICY

Disability Support Services provides the required academic and programmatic support services to students with permanent and temporary disabilities. DSS provides centralized coordination and referral services. To utilize DSS services, students must come to the DSS to open cases. The process involves interviews, reviews of student-supplied documentation, and completion of Disability Accommodation Agreements.
